Bachelor of Adult Learning and Development

Associate Diploma of Business (Marketing)

Certificate IV Workplace training and Assessment

Certificate II in Horticulture and Information Technology.

Hello everyone.

I struggle to tell my story, but here goes!!

I have worked in the ACE sector for 16 years after a previous career in training and middle management with Telecom Australia as they were then known. I have been CEO at Narre Community Learning Centre for 4 years.

I am married with 2 adult (sometimes) children, 8 horses, 4 dogs and 3 cats. I volunteer time to the community as a member of various committees and interest groups. I love sport, especially tennis, football and horse riding. I am a member of a horse trail riding club and the Mountain Cattlemen's Association. I play tennis competitively, although quite badly! I enjoy camping and four wheel driving and generally, the Australian bush.

I spend a lot of my time working with young people as they are the future of this country and each one of them deserves the chance to do the best with their lives as they can. I have coached football and basketball and work with Pony Club regularly. I also work with young people doing emergency careers counselling, usually with year 12 kids who still don't know where they are going.

I enjoy working with people in the ACE sector as we often see occurrences and issues through very altruistic eyes which makes working through them much more enjoyable. We always seem to help each other, and this coaching program is another opportunity for this to occur.

I would not be so presumptuous as to say "pick me, pick me", but have a look at all the coaching options for the best fit for you and your circumstances. We would all be pleased to help out in any way we can.
